

The self-cleaning oven, with pyrolytic technology

The Series 60 SelfClean oven with pyrolytic technology means you'll never have to scrub the oven again. When the setting is turned on, the door will lock, and high temperatures will be activated, turning cooking residue into ash. Which can be simply wiped away once the oven has cooled.

Product Benefits & Features

No more scrubbing, with pyrolytic cleaning

The oven's pyrolytic cleaning function turns grease into ash. It does this by locking the door and heating the cavity to around 500°C, which is hot and powerful enough to remove any leftover residue. Once finished, and the oven has cooled, the ash can simply be wiped away.

The bakery experience, with PlusSteam

PlusSteam lets you bring the bakery experience home. When the shallow cavity at the bottom of the oven is filled with water, evaporation will begin thanks to the dedicated heating elements. Which helps dough rise and makes for fluffy insides and crunchy crusts.

40% quicker warming, with Fast heat-up

Get your meal cooking sooner with the Fast heat-up function. Warming the oven 40% quicker than the standard.

Guided time control

The LED display takes all the guesswork out of choosing a temperature, able to suggest heats based on whichever cooking function you select. But if you like being in control, you can still adjust temperatures if and when needed, and set start and stop times.

Convection oven, for Even Cooking

The hot air generated inside the oven during cooking is moved around with a fan, so all your dishes receive the same amount of heat. This lets the oven heat up faster, which means you'll get the same results using 20% lower temperatures, saving time and using less energy.

- Built-in oven
- Multifunctional oven with ring heating element
- Large capacity oven: 0 L
- 5 shelf levels
- Oven energy class: A+
- Oven cooking functions: Conventional/Traditional cooking, Defrost, Fast heat up, Grilling, Moist fan baking, Pizza setting, True fan cooking, True fan cooking PLUS, Turbo grilling
- Anti fingerprint stainless steel
- Oven cavity with 3 baking levels
- Pyrolytic self-cleaning
- Cleaning reminder
- Automatic temperature proposal
- Electronic temperature regulation
- Electronic Child Lock safety function
- Residual heat indication
- Automatic safety switch off oven function
- Retractable knobs
- Electronic oven functions overview: 2 Pyro cycles, Acoustic signal, Child lock, Demo mode, Door lock indication, Door switch for light, Duration, Electronic temperature regulation, Electronical door lock, End, Minute minder, Pyro delayed time, Pyro reminder, Real temperature indication, Residual heat indication, Residual heat usage, Running time displayed, Safety switch off, Service codes, Temperature proposal, Time of day
- Halogen oven lighting
- Oven light automatic at door opening
- Easy to clean door
- Fan stops when opening the door
- Cooling fan
- Trays supplied with the oven: 1 Dripping pan grey enamel, 1 Trivet chromed
- Grids supplied with the oven: 1 Wire shelf chromed high
- Demo mode
- Service codes

Product Specification

Product Installation	Built_In
Product Typology	BI_Oven_Electric
Product Classification	Performance
Type	Single
Installation	BI
Size	60x60
Oven Energy	Electrical
Cooking	Fan + Ring
Cleaning top oven	Pyrolytic
Nø of cavities	1
Design family	Yellow
Main colour	Stainless steel with antifingerprint
Control Panel material	Metal Frame with Glass Inlay
Type of doors	3 Glasses, Smiley cut-out small
Type of handle	Metal
Door hinges	Drop Down Equilibrated, Drop Down Removable
Drawer	No
Hob control	No
Thermostat	Top
Type of timer min.	HEXAGON
Electronic Oven Control	CFG HX3 PY

Feature Electronics	2 Pyro cycles, Acoustic signal, Child lock, Demo mode, Door lock indication, Door switch for light, Duration, Electronic temperature regulation, Electrical door lock, End, Minute minder, Pyro delayed time, Pyro reminder, Real temperature indication, Residual heat indication, Residual heat usage, Running time displayed, Safety switch off, Service codes, Temperature proposal, Time of day
Cooking function top oven	Bottom + ring + fan (pizza), Fan + light, Grill, Grill + bottom + fan (humid), Grill + top + fan, Ring + bottom + fan, Ring + fan, Ring + fan + evaporator, Top + bottom
Height total	589
Width mm	594
Depth mm	568
Built in depth mm	550
Built in height mm	600
Built in width mm	560
Frequency	50/60
Voltage	220-240
Type of plug	No
Total electricity loading (W)	3490
