

Reliability is built into our washer dryer

We've built durability into our washer dryers with a powerful inverter motor. You can wash and dry large loads of laundry over and over again, quickly and with less noise.

Product Benefits & Features

Minimising energy use and noise

Enjoy consistent results for longer, with the washing-dryer's inverter motor. The improved technology allows quieter cycles, so you can leave loads to wash overnight without disturbing the neighbours. And it uses less energy, too.

Save time, water and energy

Save time and reduce your energy and water consumption thanks to the AutoAdjust feature, which automatically adjusts the cycle time, water and energy, according to the size of your load.

Washed and dried in an hour

When you're short on time, clothes can be washed and dried in just one hour using this speedy cycle. And there's no manual intervention needed – just wash, dry, and wear.

Reduce the time of cycles, with FlexiTime

You're always in charge with the FlexiTime button, which lets you speed up cycles to suit your schedule. Tap once to activate, and again to subtract some cycle time. You can do this three more times – every time chopping off a bit more of the cycle's overall duration.

Quick Programme, more time for you

Wash in a flash with Quick Programmes. The speedy 20-minute cycle means you can get more done on your schedule. Ideal for late evening refreshes and week day washes.

- Freestanding washer-dryer combination
- Washing capacity: 8 kg
- Max. spin speed: 1600 rpm
- Condense dryer: the moisture is condensed into a water container, no air evacuation needed
- Drying capacity: 4 kg
- Wool program that allows 'wool' labelled items to be washed by machine
- Automatic drying
- Extra rinse option
- Anti-foam rinse system
- Programs: Eco 40-60, Cottons, Synthetics, Wool, Delicates, CleanBoost, 20min Wash, Drain, Spin, Rinse, Wool Dry, Synthetic Drying, Cotton Drying, 60min Wash&Dry
- Inverter motor for increased performance and extremely silent working
- Child lock
- Anti-flood protection
- Feet: 4 adj feet

Product Specification

Product Installation	Free_Standing	Program list	Eco 40-60, Cottons, Synthetics, Wool, Delicates, CleanBoost, 20min Wash, Drain, Spin, Rinse, Wool Dry, Synthetic Drying, Cotton Drying, 60min Wash&Dry
Product Typology	Front_Loaded_Full_Size		
Product Classification	Core	Indicator programme	LCD
Installation	FS	Indicators display	BF digit display
Rinse system	Anti-foam system	Indicators other	Temperature 5, Cold, Speed 4, No Spin, Rinse Hold, Time Dy, Autodry, Pre Wash, Extra Rinse, Start/Pause
Washing technology	Eco valve	Display type	BF digit display
Drying technology	Water condense	Height total	847
Cabinet type of	HEC 54 XL	Width mm	597
Design family	Bluefire	Depth mm	534
Design level	Z4	Connected load (W)	2200
Main colour	White	Required fuse (A)	13
Panel colour	White	Cord length external	1.8
Insert panel colour	White		
Front door	BF XL		
Type of timer min.	EWX14		
Push button functions	On/Off, Temp Selection, Spin Selection, Flex Time, Delayed Start, Time Dry, Autodry, Pre Wash, Extra Rinse, Start/Pause		
Push button functions number of	9		
Knob/Command functionality	Program		
Knob/Command functionality number of	1
